

Videos help me and they make it much easier to understand.

I like that we learn about different countries and I liked going to Selbourne as it was fun to go in the river.

I liked mountains because you can find how tall they are and where they are.

I enjoyed labelling the layers of the Earth.

I like the Snowdonia map because Snowdonia is a place in Wales.

What we like about Geography

I like that we learn about different places and what similarities and differences there are.

I liked the volcanoes topics

It is very inspiring learning about different

The topics like Mountains

I like how in year 6 we are learning about natural disasters such as volcanoes and earthquakes.

We learn about different topics, especially the mountains topic and fold, block and dome mountains.

The topics are fun and we get to learn about different things from around the world

I like learning about where countries are in Geography and what languages they speak.

I like the natural disasters topic like earthquakes and volcanoes. .

The rivers because I liked looking and the insects that live there.

I liked learning about different rocks and how they are formed.

I like that the topics that we do. We have learnt about mountains and we did maps and quiz questions.

I liked the time in geography when we were labelling a river.

I liked learning about the river and the parts of it.

I like how we do natural disasters and watch videos. We also have questions that make our brain work.

I liked the time in geography when we were labelling a river.

I like that we are going to Stubbington and we get to learn where it is and the surroundings with the maps

I really enjoyed finding places on the map and using the co-ordinates.

I like geography because it's fun to learn about things like the oceans and different places.
