

History Road Map

At Kempshott Junior School we aim for children to gain a coherent knowledge and understanding of Britain's past and that of the wider world. We aim to inspire children's curiosity about the past, to give them the skills and confidence to question and think critically using evidence and as result make informed judgements key events they study. Through our history curriculum children develop an understanding of the complexity of people's lives, how ways of life changes over time and how relationships between different groups has affected this.

History helps pupils to understand the complexity of people's lives, the process of change, the diversity of societies and relationships between different groups, as well as their own identity and the challenges of their time
