### Safeguarding Statement:

*At Kempshott Junior School we respect and value all children and are committed to providing a caring, friendly and safe environment for all our pupils so they can learn, in a relaxed and secure atmosphere. We believe every pupil should be able to participate in all school activities in an enjoyable and safe environment and be protected from harm. This is the responsibility of every adult employed by, or invited to deliver services at Kempshott Junior School. We recognise our responsibility to safeguard all who access school and promote the welfare of all our pupils by protecting them from physical, sexual and emotional abuse, neglect and bullying.*

### Aim

All members of staff working on the school site are clear about the levels of confidentiality that they can offer to the school community and expect themselves.

### Objectives

- To be transparent about the process for developing and reviewing this policy.
- For everyone to understand the varying levels of confidentiality which might be offered in different circumstances.

### Rationale

A clear, explicit and well publicised confidentiality policy ensures good practise throughout the school which staff, including those from external agencies, parents and pupils can easily understand.

The school needs to be clear about the boundaries of their legal and professional roles and responsibilities e.g. Child Protection procedures.

Different professionals can offer varying levels of confidentiality in different circumstances, which can confuse staff and pupils.

Sometimes parents and families may wish to disclose information confidentially to the school. Schools need to be clear about their position.

The policy applies to:

- All teaching and non-teaching staff employed by the school.
- All visiting staff working with children on the school site during the school day.
- Depending on their contractual arrangements, staff from external agencies delivering services on the school site.

## POLICY

### Confidentiality and Pupils

We recognise that there are occasions when pupils are worried about something and feel that they cannot talk about it to their parents/carers. This can result in enormous stress for the individual which impacts on their education and health. Some pupils may feel that they can turn to teachers and other staff members for support and we want to be as helpful as we can, whilst recognising that there may be potential difficulties in being supportive. You should adhere to the following policy:

**You must be clear to pupils that you cannot offer unconditional confidentiality when a pupil first begins to talk about something where confidentiality may become an issue.**

Pupils should be warned that if there is a child protection issue where the pupil, or others, are likely to be at risk of significant harm, **you are under a duty to inform the school's Designated Safeguarding Lead (Head Teacher) who may have to involve other agencies.** (See Child Protection Policy for further guidance.) It is important that each member of staff deals with this sensitively and explain to the pupil that they must inform the appropriate people who can help the child, but that they will only tell those who need to know in order to help.

School staff can only offer confidentiality to pupils that do not involve significant illegal activities e.g. drugs trafficking, arson, etc. If the conversation begins to move to this kind of issue, the pupil must be warned that confidentiality cannot be guaranteed.

In all cases where you feel you have to break confidentiality with the pupil, you must inform the pupil and reassure them that their best interests will be maintained.

In talking to pupils you must encourage them to talk to their parents/carers about the issue that may be troubling them and support in doing this should be offered where appropriate.

### **Peer Mentoring and Support**

Pupils are not allowed to keep secrets but all conversations between the mentor and mentee will be kept confidential except in the following circumstances:

- The mentor must tell either the mentoring co-ordinator or a teacher if a pupil discloses either any form of abuse or anything else that would make them worry about their safety.
- If the mentee is about to disclose this sort of information, the mentor must tell them that they will need to take them to a member of staff possibly as an advocate to help them.
- If the mentor has a concern about the content of a mentoring meeting, they are encouraged to discuss it with the mentoring co-ordinator- it will not go further unless it is one of the above.

**Adult Mentoring and Support** - As above

### **Parents and Families**

We recognise that sometimes there may be family issues which might affect a pupil and which the family will only disclose to us if they can be sure the information will be treated confidentially. We will respect the wishes of the family and where it is felt necessary to share the information given to us, this will be discussed with the parent first unless a pupil is considered to be an immediate risk and/or there is an overriding child protection concern.

### **Staff and Governors**

All staff can normally expect that their personal situations and health will remain confidential unless

- It impinges on their terms of contract or,
- Endangers pupils or other members of staff or,
- There is a legal obligation to disclose such information or,
- It is necessary for legal proceedings or,
- Despite the duty of confidence, the staff member's interests or the wider public interest justifies disclosure.
